STATEMENT OF HARDSHIP

14310-00726
708 South 5th Street

APPLICATION # _____

3307.09 Variances by Board.

- A. The Board of Zoning Adjustment shall have the power, upon application, to grant variances from the provisions and requirements of this Zoning Code (except for those under the jurisdiction of the Graphics Commission and except for use variances under the jurisdiction of the Council). No variance shall be granted unless the Board finds that all of the following facts and conditions exist:
1. That special circumstances or conditions apply to the subject property that does not apply generally to other properties in the same zoning district.
 2. That the special circumstances or conditions are not the result of the actions of the property owner or applicant.
 3. That the special circumstances or conditions make it necessary that a variance be granted to preserve a substantial property right of the applicant which is possessed by owners of other property in the same zoning district.
 4. That the grant of a variance will not be injurious to neighboring properties and will not be contrary to the public interest or the intent and purpose of this Zoning Code.
- B. In granting a variance, the Board may impose such requirements and conditions regarding the location, character, and other features of the proposed uses or structures as the Board deems necessary to carry out the intent and purpose of this Zoning Code and to otherwise safeguard the public safety and welfare.
- C. Nothing in this section shall be construed as authorizing the Board to affect changes in the Zoning Map or to add to the uses permitted in any district.

I have read Section 3307.09, Variances by Board, and believe my application for relief from the requirements of the Zoning Code satisfies the four criteria for a variance in the following ways:

_____ This Applicant is requesting Variances to construct a freestanding normal
_____ sized garage with a home office above, as many other properties
_____ already have in this District. Since 2007, the German Village Commission
_____ discourages connecting a garage structure to a house which creates a hardship
_____ for this property. This condition is not a result of actions by this homeowner
_____ and will not be injurious to adjacent properties.
